STUDENTS:

- **Guidelines for Junior Opens, Late Arrival and Early Dismissal:** To qualify for a true open, juniors need to have at least 36 credits and passed all their class from last semester, unless approved by a counselor. To qualify for late arrival or early dismissal, juniors need to have at least 24 credits and have passed all their classes from last semester. The form is available in the guidance office and must be completed and turned in to Dawn in the registrar's office before it takes effect.
- **FROM THE LIBRARY:** Please return all overdue library books asap. Other students are waiting to check out the book you have!
- **FROM THE IT DEPARTMENT:** With the recent weather, we all know it's a bit chilly outside to say the least, so here's a reminder and a request... please do not leave your laptop in your vehicle.

When you bring a cold laptop into a warm room, water will condense on/in the computer if it is colder than the dew point temperature inside your house, classroom, or office. Since most people don't typically know what the dew point temp is in their location, it's important to keep your laptop in the case until it has had time to "warm up". If water condenses inside your computer, and you start it up, "bad things" can happen (water + electronics = bad combination).

- **Girls Interested in Cyber Security**

A new, innovative cybersecurity training program offered by the SANS Institute offers young women in high school the opportunity to learn basic cybersecurity skills through a no-cost online game of discovery called Girls Go CyberStart.

Participating students do not need prior cybersecurity knowledge or programming experience. All that is required is a computer and an internet connection.

Young women in high school in Iowa who excel in the Girls Go CyberStart game will have the opportunity to win computers and other prizes as well as a trip, with a parent, to the 2018 Women in CyberSecurity Conference.

Registration begins on January 29th and ends on February 16, 2018. The first 10,000 young women who have registered may play the game online from February 20th through 25th.

For information about Girls Go CyberStart visit: <https://girlsgocyberstart.com/>

Please email Mrs. Sauter if you have any questions.
