

Summer Intensive Literacy Program

Created and designed for students:

- entering 1st – 5th grade during the 2018/19 school year.
- identified as at-risk by the FAST assessment, or struggling to meet and stay at grade-level expectations.
- that strongly benefit from a class of ratio of 1:4 or less; with daily diagnostic teaching to accommodate the learning pace of each individual.
- and families committed to a six-week, two-hour class that includes an hour and a half of science-based literacy instruction and an additional 30 minutes of multi-sensory, science-based sight word work.

We achieve results!

Our summer intensive students improved an average of 9.1 months in complex passage comprehension.

Program includes:

Session package with Orton-Gillingham instruction, progress monitoring, final progress report and parent consultation.

Class Dates: June 11 – July 27
Monday - Friday
NO classes held July 2 – 6.

AM Session: 8:30 – 10:30 AM /or/

PM Session: 1:30 – 3:30 PM
